Studies show that the high cost of textbooks is a barrier to student success.

More than 45% of students don't register for a specific course because of the textbook cost.

We provide access to high quality alternatives to commercial textbooks & supporting resources – all available at no cost to students.

How to access these FREE resources:

Many of them can be found through the college or university library catalog.

Campus librarians are the experts! They will be glad to help find anything you need!

Many can be found through The Orange Grove.
